FULL-STACK DEVELOPER

Innovative software engineer with a solid foundation in programming and proven problem-solving abilities. Proficient in multiple programming languages and adept with various development tools. I am experienced in full-stack development and well-versed in Agile methodologies. Possess the skills to design and implement scalable, efficient, and maintainable software solutions. Passionate about staying up-to-date with emerging technologies and collaborating with cross-functional teams to deliver cutting-edge products.

SKILLS

Tech Skills

Programming Languages: React,Node.js,Express.js,MongoDB,JavaScript,Bootstrap,HTML,CSS

Soft Skills

Analatical Thinking,Creativity,Communication Skills,Adaptability, Team Work

EXPERIENCE

Self-Learner, Full-Stack Developer

Project: MERN Stack Project
Duration: July/2023 – December/2023

- Actively pursuing a comprehensive self-learning full-stack development course to gain proficiency in MongoDB, Express.js, React.js, and Node.js.

- Currently in the process of designing and developing the "MERN Stack Project," a full-stack web application demonstrating a deep understanding of the MERN stack. In the early stages of project development, focusing on foundational aspects and laying the groundwork for advanced features.

- Planning and implementing essential features and functionalities to ensure the future scalability, efficiency, and maintainability of the application.

- Addressing real-time data synchronization challenges and actively working on optimizing the application's performance.

- Utilizing Git for version control and adhering to Agile methodologies to ensure an efficient and structured development process.

EDUCATION

Sree Chitra Thirunal College of Engineering Thiruvananthapuram, Kerala
Bachelor Of Technology in Computer Science (*course completed*) *Aug 2019 - July 2022*
GPA: **5.20**

AKNM Govt. Polytechnic College Thirurangadi, Kerala
Diploma in Computer Engineering *Aug 2015 - July 2018*
Cumulative GPA: **7.04**

PROJECT

Bootstrap Website Clone

- Successfully completed a Bootstrap website cloning project, showcasing proficiency in HTML, CSS, and Bootstrap.

- Implemented responsive design principles for optimal user experience across devices and screen sizes.

- Utilized Bootstrap components to enhance aesthetics and functionality.

- Employed Git for version control, ensuring efficient collaboration with team members.

- Conducted thorough testing for cross-browser compatibility, addressing issues and optimizing performance.

- Documented the development process, contributing to a comprehensive project portfolio.

This project enhanced skills in front-end development, Bootstrap, and project documentation, showcasing a practical understanding of web development principles.
